Daisy Kansakar Pradhan

Managing Principal | Financial Crime, Risk, Regulatory, & Finance |
Principal AI Practitioner | Business Consulting
New York, New York, United States

Summary

With over 19 years of experience in financial services, I specialize in leading large-scale regulatory compliance, risk remediation, and enterprise transformation programs for top-tier global banks. I have a strong track record of managing complex, cross-functional initiatives, engaging with regulatory bodies, and driving successful execution across large, global teams. I have led teams of up to 400 resources, delivering high-impact change programs across regulatory remediation, KYC/AML, Dodd-Frank, SRB Reporting, Cease & Desist, and MRA/MRIA initiatives. My work helped avoid approximately \$450M in regulatory penalties and has involved direct reporting and engagement with U.S. Federal Government agencies. My expertise spans enterprise program management, regulatory transformation, stakeholder governance, operational risk, and large-scale change delivery within highly regulated financial institutions.

Experience

Capco

Managing Principal

February 2014 - Present (12 years 6 months)

New York City Metropolitan Area

Citigroup

Project Manager at Citigroup
